Lot Information

If you wish additional information on any lot, please call or write. We can furnish photos of nearly all lots at a charge of $4 per item (not lot), five lot limit for photos. Estimates are published for your convenience. These represent our general impression of market prices at the time the lots were cataloged. Prices may actually go higher or lower. We do not publish estimates on United States and Canadian material due to the constant changes in the marketplace. Please feel free to call should you have any questions on the United States material offered within this sale. We have made every effort to be accurate in grading and attribution. You may feel confident that the condition of each lot is as described. All illustrations in this catalog are of the actual items being sold.

Payment Policy

Successful floor and mail bidders are required to pay the full invoice amount before lots are delivered. Terms of this sale are strictly cash or an approved VISA or MasterCard* *(*See the enclosed bid sheet for instructions).* Should payment be made by check (in any form), the auctioneer reserves the right not to deliver lots until funds have cleared, upon which time the material will be sent to you. For full details please refer to our Terms of Sale. This policy is strictly adhered to and your cooperation is greatly appreciated. *There will be no exceptions to this policy.*

Notice to

We are catalogers and auctioneers of fine numismatic properties -Ancient to Modern -with clients in over 40 countries.

Consignments are accepted at any time for future sales. We would be pleased to hear from you to discuss early planning regarding the possible consignment of your material. When you desire personal and professional service in auctioning your collection, see us first.

TERMS OF SALE

(Please Read Carefully)

1. BIDS BY MAIL, EMAIL, PHONE or FAX will be accepted until the closing date. All phone bids must be confirmed in writing on a signed bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.

2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot. Cataloging errors will be cheerfully and promptly corrected. **FLOOR BIDDERS MAY NOT RETURN ANY LOTS** including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 35 days after a sale. As the auction house acts as an agent for various consignors, NO CLAIM OF ANY KIND can be considered after settlements have been made. If a claim is not made within this 30 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. **Lots are not shipped until paid for in full.** Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact. Large miscellaneous or "bulk" lots cannot be returned for any reason.

3. **Successful floor and mail bidders are required to pay the full invoice amount before lots are delivered. Terms of this sale are strictly cash or an approved VISA or MasterCard (refer to Paragraph 5). Should payment be made by check (in any form), the auctioneer reserves the right not to deliver lots until funds have cleared, usually 14 business days.** First rate credit references and a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale. Any questions regarding the above policy should be made in writing to the auctioneer 7 days prior to the sale date.

4. **A 15% buyer's charge will be added to the successful bid price of each lot.** This 15% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 5% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former bidder. Late payers should not expect to receive future catalogs.

5. **TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS.** Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in **U.S. Dollars by International Check drawn on a U.S. bank** or by wire transfer to the account of Craig A. Whitford Auctions, c/o Comerica Bank, Lansing, Michigan. (As a convenience, invoices may be charged to your VISA or MasterCard accounts. Please supply account number, signature and expiration date on your Bid Sheet. *Refer to your Bid Sheet for further instructions.*)

6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. *(Minimum charge of $3.00 per parcel).* All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered airmail with return receipts and proper custom tags on overseas shipments.

7. SALES TAX will be collected under the laws of the state in which the sale is conducted unless a valid resale number is presented. **Sales Tax in the amount of 6% will be collected on all lots delivered within the State of Michigan.**

8. TITLE TO ALL LOTS REMAINS WITH THE AUCTION HOUSE until payment in full is received. The auction house reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 60% of estimate will not be accepted. By placing a bid in this sale either in person, by agent, mail, email, phone or fax, you agree that this agreement is made in Michigan by the auction house's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Michigan law. In the event of a dispute or nonpayment, the auction house may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the courts of Ingham County, Michigan. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and to indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4 accruing on the entire amount until paid.

9. Items photographed in this catalog are of the actual items being sold.

10. **BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.**

LEAD DIE TRIAL bearing the adopted reverse design for the 1920 Pilgrim Tercentenary half dollar is unpublished in standard numismatic references.

Morgan estate letter casts doubt on model

Was Anna Williams inspiration for portrait?

By Paul Gilkes
COIN WORLD Staff

The long-held belief that schoolteacher Anna Williams was the model for Liberty on the Morgan dollar has been brought into question in a letter to be offered at a May auction.

The undated letter from the daughter of former U.S. Mint Chief Engraver George T. Morgan and a previously unreported and unique die trial in lead for the 1920 Pilgrim Tercentenary half dollar are among 34 lots from the Morgan legacy to be offered at auction May 10 to 11 in East Lansing, Mich.

Also included is a 1915 U.S. Assay Commission medal in silver designed by Morgan and engraved and presented to Morgan's son Leonard as an Assay Commission member.

The lots are among more than 1,600 comprising ancient, world and United States coins, paper money and exonumia to be offered by Craig A. Whitford Numismatic Auctions in conjunction with the Michigan State Numismatic Society's 46th Anniversary Spring Convention. The convention is being held at the Kellogg Center, on the campus of Michigan State University.

The Morgan lots also include lead die trials, models, studies, electrotypes and finished medals for a number of pieces designed and engraved by George T. Morgan; the work of his colleague and predecessor as chief engraver, Charles E. Barber; John R. Sinnock, the Mint engraver who succeeded Morgan; Adolph A. Weinman, who designed the Walking Liberty half dollar and Winged Liberty Head dime; and portraitist Jules-Clément Chaplain.

According to Whitford, the Morgan items were consigned by a direct descendant of the former Chief Engraver. George T. Morgan served as a member of the Mint's engraving staff at the Philadelphia Mint for 48 years before his death in 1925. Morgan, who joined the Mint in 1876 at the age of 31 as an assistant engraver, became chief engraver in February 1917.

Morgan's most famous numismatic creation is the silver dollar bearing his name, which was produced from 1878 to 1904 and in 1921. Coin World surveys of its subscribers' collecting habits usually place the Morgan dollar in one of the top two categories as most popularly collected coin.

As iconic as the designs have become on the silver dollar, Morgan's designs were originally created for possible use on the half dollar denomination before being increased in size and adopted for the silver dollar.

Researchers have long thought they knew the identity of Morgan's model for the Liberty portrait used on the coin. According to Q. David Bowers in *Silver Dollars and Trade Dollars of the United States*, not long after Morgan joined the Mint, "he was introduced by Thomas Eakins, Philadelphia artist, to Anna Willess Williams, a local teacher. Morgan persuaded her, with some difficulty, to pose for the Liberty head that [U.S. Mint Director Henry R.] Linderman wanted for his silver coinage. According to an article in *The Numismatist* of May 1896, there were five sittings in November 1876. The original designs were intended for use on the half dollar. At that time, no coinage of silver dollars was contemplated."

However, the long-held belief that Williams was Morgan's inspiration for the silver dollar is questioned by the content of the undated letter in Whitford's upcoming auction. The letter is from one of Morgan's two daughters, Mrs. C. Mervyn Graham, to a woman identified only as "Charlotte" (presumably her daughter based on the closing sentiments), seeking information on "anything about the silver dollar" and which also includes a newspaper clipping naming the model of Liberty on Morgan's dollar design.

According to the Whitford catalog , while discussing the Morgan family's financial matters, the undated letter "goes on to state, 'Father always said no matter how many models they posed for him, that he never bid any & that he just made up the obverse himself … (signed) Mother." The lot also includes an 1878 Morgan, 8 Tail Feathers dollar (the first version of the coin struck; the original reverse was quickly replaced with a 7 Tail Feathers design in 1878).

The unique lead die trial for the Pilgrim half dollar – a piece unlisted in the standard pattern references and books on U.S. commemoratives – exhibits a well struck and mostly centered impression of the adopted reverse design. The coin's reverse design features a masted vessel intended to represent the sailing vessel *Mayflower* with the appropriate inscriptions and date.

1915 ASSAY COMMISSION medal given to Leonard Morgan, son of George T. Morgan and a member of the Assay Commission, is among the lots to be offered at auction.

The discovery piece is 46 millimeters in diameter, with the design impression spanning 30 millimeters in the center of the lead blank. The blank is 4mm thick and weighs 58.5 grams.

"The trial appears virtually as struck, although exhibiting fine tin pest and is accompanied by its original burgundy leather box with white velvet interior," according to Whitford.

"This represents a major discovery in the realm of commemorative coinage and serves as a highly important and excessively rare piece of numismatic history, further enhanced by an unquestionable pedigree," according to the auctioneer.

The 45-millimeter silver 1915 Assay Commission medal designed by George T. Morgan is one of 21 reported as delivered on Feb. 6 of that year. The edge of this specimen is engraved LEONARD P. MORGAN. The medal is housed in a box similar to that accompanying the Pilgrim half dollar die trial.

Leonard Morgan was an electrolytic chemist in the U.S. Assay Office at New York and was a member of both the 1914 and 1915 Assay Commissions.
